

Ellisse

Ellisse

Sistema reggitenda dalle linee geometriche ed originali è realizzato in alluminio o in ferro verniciati nei vari colori.

Tutti i modelli sono accomunati dall'abbinamento di forme e materiali ricercati che, con la loro originalità, contribuiscono a creare ambienti di gusto moderno e raffinato.

Tutti i sistemi sono disponibili con vari supporti per applicazioni a soffitto e a parete.

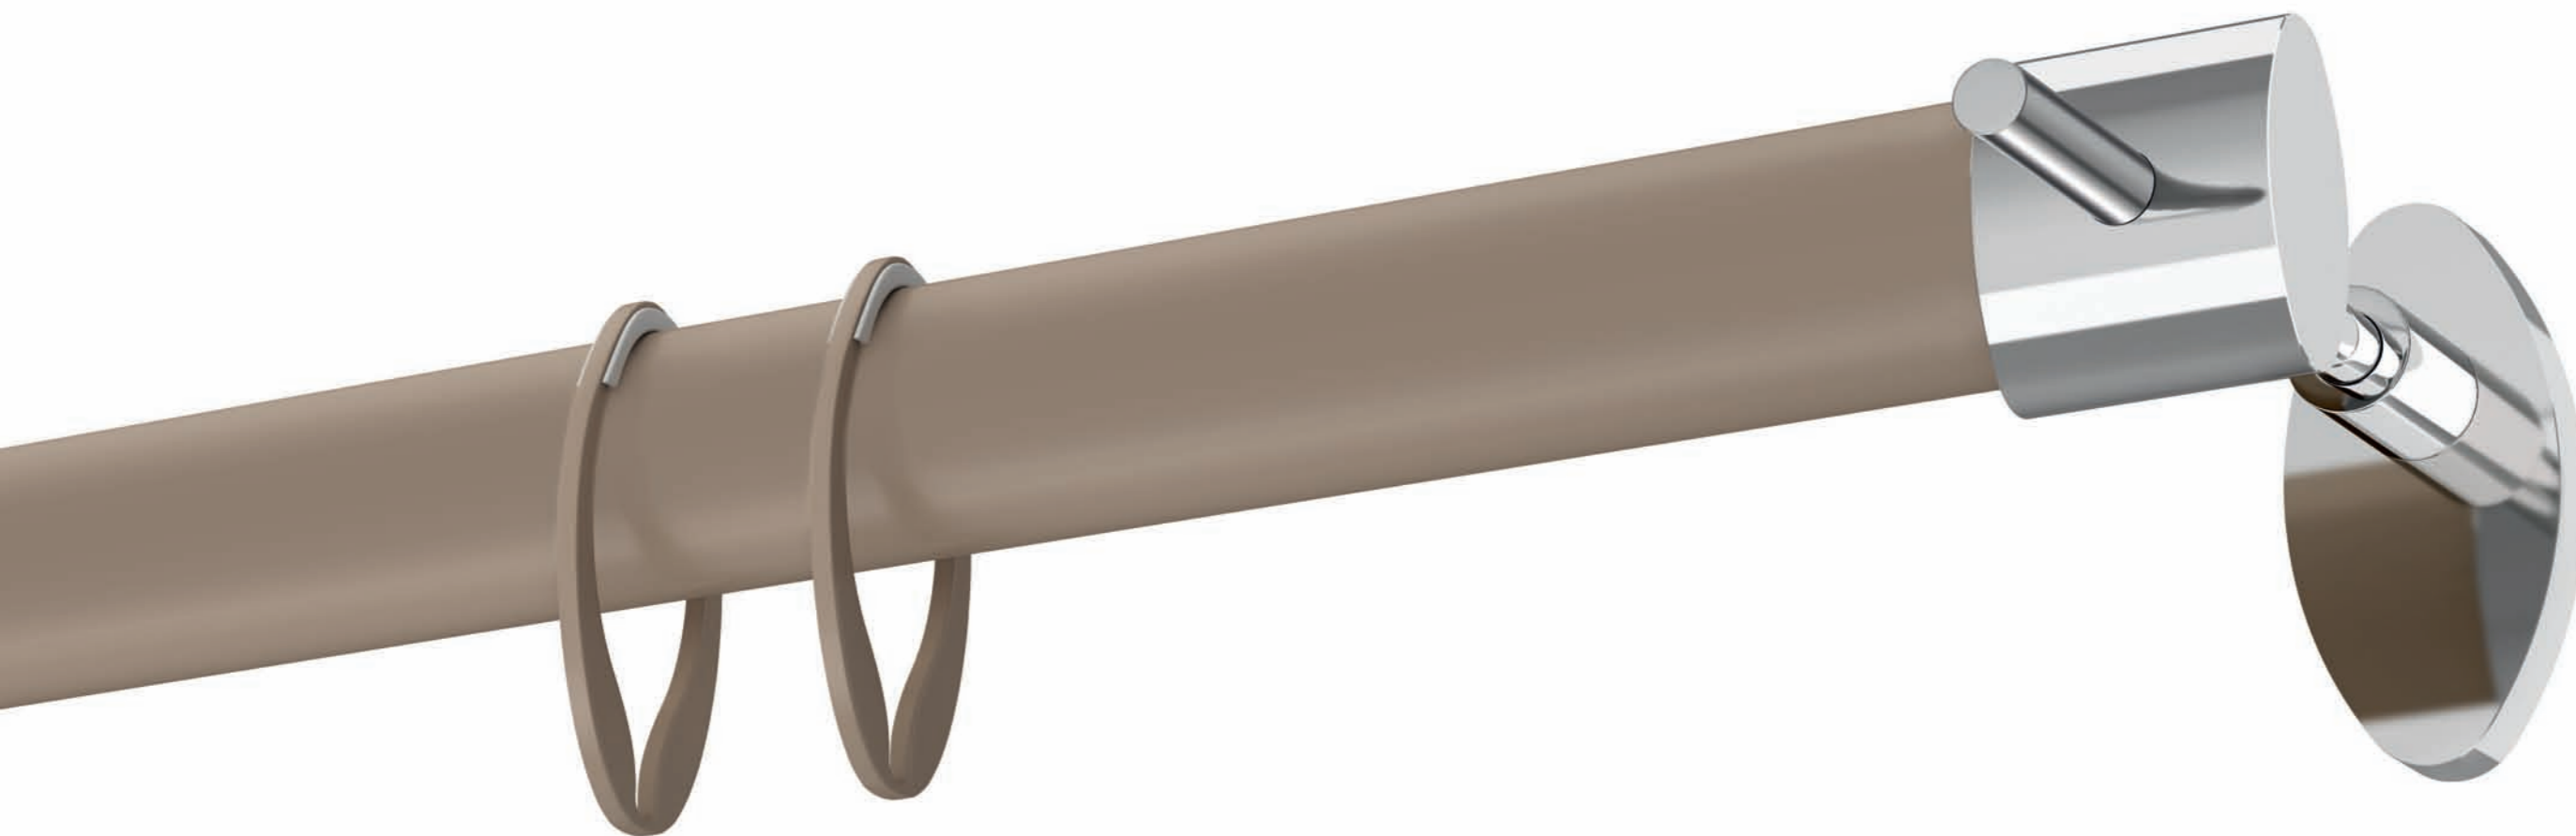

Geometrical and original curtain poles available in aluminium or iron powder coated in a vast range of colours.

Each model is an original combination of materials and shapes which create a modern and refined atmosphere.

All models come with ceiling and wall brackets in various sizes: special brackets for twin tracks or twin poles as double system are also available.
